# Gumdrop
CASES

Step 1:
Start by inserting the back left
and right corners into the
bottom case part.
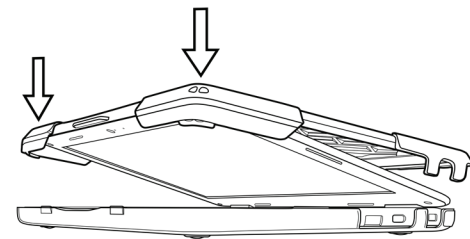

Step 2:
Press downward from the back
corners to the front corners,
so that each clip securely
attaches to the device.

Step 3:
Attach the screen cover of the
case by aligning the top left
and right corners.

Step 4:
Continue to press the case into
position from the top towards
the bottom left and right corners

Step 5:
With the case closed, press firmly on all sides of your
case to ensure it is securely connected to your device.

Congratulations on your new case!
