

**1\***

Remove the protective film from the clear plastic underlay.

**2\***

Insert the clear plastic underlay into the case, making sure the shape lines up with the recess.

**3**

Slide the top edge of the iPad into the case.

**4**

Press the rest of the iPad into the case, while massaging the rubber edges over the iPad on all sides.

**5**

To close the cover, press the cover past the top and bottom clips until you hear the audible clicks.

\*Optional

## Kickstand

For viewing or typing mode, fold the cover back and slide the edge underneath the back posts.
